Sunshine® Mix #4 with Mycorrhizae

- For indoor growing
- Contains horticultural grade perlite for greater porosity
- Our classic #4 boosted with Sun Gro's proprietary seven mycorrhizae species
- Contains RESILIENCE®

Available Sizes:

3.0 CF compressed bales
(expands up to 6 CF) (35/pallet)

Ingredients: Canadian sphagnum peat moss, perlite, dolomite lime, proprietary blend of endomycorrhizae and wetting agent.

With RESILIENCE® ... our silicon-enriched additive – may improve trichome results, resistance to wilting and enhance plant growth and flowering.
